TR10K - K-Light

PR41-TR10K

POWERFUL FLASHLIGHT WITH VARIABLE FOCUS

POWERFUL RECHARGEABLE FLASHLIGHT

The TR10K K-Light is a powerful flashlight with a variable focus.
Its compact aluminum handle and incredible brightness provide up to 10,000 lumens, depending on the mode used.
Ideal for inspection missions, you'll particularly appreciate its different operating modes.
Its two 4000 mAh 26650 Li-ion batteries can be recharged via USB-C, providing up to 6 hours of runtime at low flux.
Our TR10K K-Light is elegant, measures around 27 centimetres, and weighs just 725 grams (with batteries).
